Taken Into Custody While in Company With Another Man's Wife and Child in Portland. Ore. He Was a Star Football Player at

University of Pennsylvania Five Years Ago. in Portland, Ore., of Dr. Wylie G. Woodruff, known here as the coach of the Kansas football team in 1898 and 1899 and the star football player five years ago of the University of Pennsylvania, was announced by telegraph this morning.

Woodruff and Mrs. Edith Moyer of Lawrence, Kan., were arrested together in Portland just after their arrival there. They had run away together, she leaving her husband, Ray Moyer, a druggist formerly of Lawrence, and Woodruff abandoning his wife, who is now with her parents in Beloit, Kan.

Mrs. Moyer left Lawrence on Feb. 4. accompanied by her only child. She went to the home of her parents at Menominee, Mich., to recuperate from an illness. She had been attended during her illness by Dr. Woodruff, whose office was directly over the drug store conducted by Moyer. After Mrs. Moyer went to Menominee her husband did not hear from her until March 17, when he got a letter saying that she had decided never to return to him.

Mr. Moyer went at once to Michigan and remained with his wife for a month. She told him that she had been unduly influenced by Dr. Woodruff, but that she would go back to her husband. Mr. Moyer then went to Kreidersville, Ohio, where he got employment in a drug store and on May 8 he sent money to his store and on May 8 he sent money to his wife to have her and the child join him there. Mrs. Moyer went to Chicago, where it is supposed she met Dr. Woodruff.

From May 8 Mr. Moyer heard nothing from his wife, neither was he able to find her until the first of this week, when he advertised in the newspapers and found that she had been staying in this city, that Dr. Woodruff had made frequent visits to her and that she went by the name of Mrs. Woodruff. Irs. Woodruff.
Dr. Woodruff left Lawrence last week

and went to Beloit, Kan., to see his wife, and borrowing her bicycle there rode to Glasco, shipped his wife's wheel back to her and took the train to St. Joseph. Mrs. Moyer had been traced to St. Joseph and it was learned that they registered at the hotel as "Dr. Woodruff, Mrs. Woodruff and child." It was found that they had bought tickets to Portind, Ore., and Mr. Moyer at once began proceedings to get possession of the child, alleging that it had possession of the been kidnapped.

been conducting the search Moyer has been conducting the search for his wife from Kansas City. He employed detectives here and had Woodruff closely followed for several days. A detective was close on Woodruff's trail when he left Beloit on a bicycle. When Moyer heard this morning of Woodruff's arrest in Portland, with his wife and child, he left for Portland with Detective Kirk. Woodruff may be brought to this city to answer a charge of kidnapping. A warrant charging him with this has been sworn out in a local Justice's court. in a local Justice's court.

A telegram from Lawrence this after-noon stated that Mr. Moyer said, as he assed through that town on his way to Portland, that he would seek to recover possession of his child. He said he pr ably would not prosecute Woodruff or Mrs Moyer if they gave up the child without

PHILADELPHIA, Pa., May 31—Wylie Wood-ruif was one of the most noted football play-ers in the country. He entered the Univer-sity of Pennsylvania in 1803, the same year that his brother, George W. Woodruif, came to the local institution as head coach. With Charles M. Wharton he played guard on the Varsity eleven for four seasons, 93, 74, 75 and 36. It was during this period that Penn-sylvania acquired a leading position in the football and general athletic world, and this result was in no small measure due to these two great players.

result was in no small measure due to these two great players.
Woodruff was also a member of the track team and in 1897 won the hammer-throw event at the intercollegiate championship games. He scored points all four years at this meet and his record for the hammer throw of 143 feet 6 inches is by far the best ever made by a college man with a single turn.

I believe that Gaynor is absolutely right in condemning the tunnel. I hope that you will not sign it, for as it is the Long Island Railroad will get all the benefit of the tunnel which they have proposed building themselves for years at the expense of the city.
